

## Character Sticks

### You need:

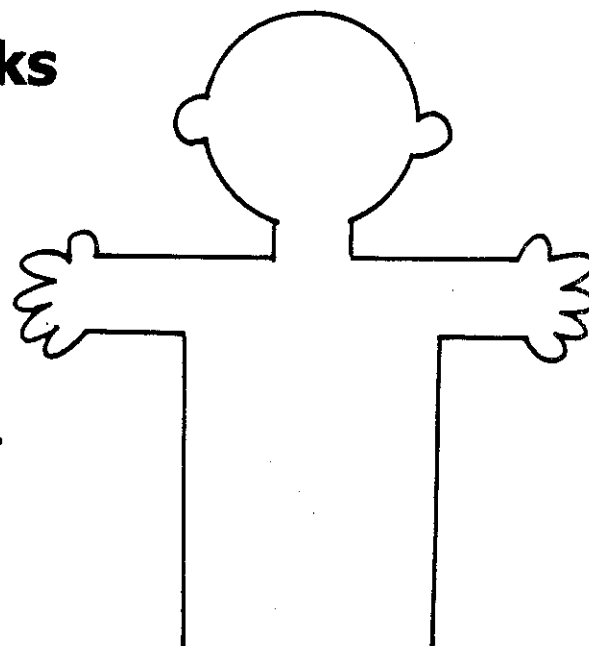

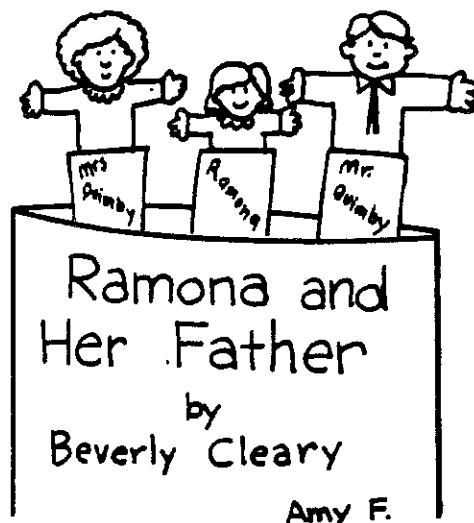

One sheet of white drawing paper

Six 2"x6" strips of construction paper

One 9"x12" sheet of construction paper

Glue

Crayons

### Directions:

1. On white paper, draw the outlines of the top half of three people. (You may want to trace the one provided.)
2. Draw faces and clothing to make the figures look like three characters from the book.
3. Glue each character between the two strips of construction paper.
4. Write each character's name on the front of the strip and a short description on the back. Fold the 9"x12" paper like a book cover. Glue the sides and bottom edges together to form a pocket.
5. Write the title, author, and your name on the front of the pocket.
