

INDIAN PRAIRIE SCHOOL DISTRICT

November 2008

Dear Parents or Guardians:

Beginning the 2009 - 2010 school year, all middle schools in Indian Prairie School District 204 will be adopting a new schedule in order to enhance the core instructional programming for the students. Since the implementation of this schedule will require careful planning and allocation of resources, we need to collect information from our students as to their elective choices for the 2009-10 school year by December 10, 2008.

In order to provide information on the new middle school schedule, we are inviting parents to join us for a presentation that outlines the features of the schedule with special attention given to the elective offerings and what should be considered when selecting electives at each grade level. The dates for these presentations are set for the week of December 1st through December 4th. Each middle school will offer a presentation for each grade level. If you are not able to attend the presentation at your child's home school, you are welcome to attend a presentation at any other middle school since the presentations will be identical in each building.

Please note that these grade level presentations are for the grade that your child will be going into for the 2009-10 school year. The grade level schedule presentations will be held at our middle schools during the following times and dates:
