- ★ [2nd Lesson](#)

2nd Quarter: Critical Thinking & Problem Solving

Quarter Sequence

3rd Quarter: Reading, Writing, Word Work

4th Quarter: Math Problem Solving, Spatial Reasoning

allison

When I first
met Mrs. L
in 2nd grade

I liked learning about greek. I also liked playing games and doing projects.

The leprecon trap was really fun too. I really liked how Mrs. L was so nice, she never gets mad. The math was also fun since math is my favorite subject. One more thing, the puzzles were awesome!

Santosh B

The things I liked in T.D.
I liked to read and write in
books. I also liked to tell
out ideas. Also the greek
problem solving.

Camden TD

9-19-18

The thing I liked most about talent development was when we did greek myths. It was fun because of the coins you get when you do projects. They're super fun and some times difficult. talent development was so fun.

Pranav YPA

I liked that I came to T.P. There were always problems you had to solve. I liked when we built leperchaun traps! I also loved when we had to solve the Greek puzzles. I like when we were in groups and did challenges.

MY Favretti in TD is

My favret thing abawt TD was...

I Loved the greek **math**. I also Loved the **reading**. But my favret part was **asking questions** that is what I loved in TD.

Izzy)

greek's goal competition

finding text in papers and books

~~computer time~~ in TV

escape computer time in class

~~good books~~ that we read

I was gifted!

I was ~~using the time of my life~~

I was in it for 4 years

~~he challenged~~

I loved reading

I had friends here

challenging things to learn about
